

DELAND

CIVIL NO. 6.

Dedication Exercises

Kent Club House

The dedication exercises will be a daily feature by Dana Thompson, who is certified to dive from a tower 90 feet high, turn a somersault and land into a tub of water four feet deep and ten feet square.

The company will furnish a band, and our people will have an opportunity to compare its music with that furnished by our own band.

During the week a "country store" will be run by the ladies and five male assistants, for the benefit of the public school fund and the Fire Department. In this store there will be for sale anything one wants—providing one is reasonable—from a shoe-string to a baby carriage. The idea now is to secure the donation of a hundred cakes for the last day of the fair, to be sold to those who want cake for Sunday.

The horse trading fair on Thursday will be one of the most interesting features of the occasion.

A Lenient Judge.

A Melbourne juror refused to serve on the ground that he had just got work after three months' illness and would lose it again if he failed to put in an appearance. The judge frowned, fined the offending juror a penny and paid the coin himself.

Old London Bridge.

Old London bridge took the record time of thirty-three years to build. It was begun in 1176 and not completed till 1209. The present bridge was begun in 1824 and finished in 1831. It cost £500,000.

Sharks.

Sharks won't bite a swimmer who keeps his legs in motion. If you can keep kicking longer than a shark can keep waiting, you'll be all right.

RESOLUTIONS

Whereas, ing God ha, ble providen, our class, mine France.

Whereas, adical Disce, her self to us all, by her cheerful ways and constant gentleness of manner, and was always found ready to speak and do the thing to make others happy.

Therefore, We, the members of the Third Academy Year in Stetson University, do most heartily unite in voicing our appreciation of the noble traits exhibited by our classmate and fellow student, and our deep grief at her sudden death. And we do further- more express herewith our earnest sympathy for her bereaved parents and friends, who must suffer most deeply in this hour of our common sorrow, and we do moreover unani- mously agree that a copy of these resolutions be sent to the parents, and also a copy be given to the college paper for publication, and one to each of the local papers; like- wise that a copy be sent to at least one home paper in the native town where lived the sister for whom we mourn. Paris Parks.

Paris has one acre of park for every fifteen persons; Liverpool, one for every thousand.

The Thumb as a Signature.

In olden times it was the pressure of the thumb upon the wax of a docu- ment's seal that made the deed a valid and binding instrument, and in verbal contracts the thumb ratified the bar- gain.

Catarrh

Is a discharge from the mucous mem- brane of the nose, throat, stomach, bowels etc., when kept in a state of inflammation by an impure condition of the blood and a want of tone in the system.

Soothe the inflamed membrane, strengthen the weakened system, and the discharge will stop—to do this purify the blood.

I was troubled with catarrh for years and tried various remedies but found nothing that would cure me. I then resolved to try Hood's Sarsaparilla and took four bottles which entirely cured me. I have never been troubled with catarrh since. As a blood purifier I can find nothing else equal to Hood's Sarsaparilla." WILLIAM SHERMAN, 1030 6th St., Milwaukee, Wis.

Hood's Sarsaparilla

Cures catarrh radically and perma- nently—removes its cause and over- comes all its effects.
